

AeroProduction & AeroDron

Together with experienced pilots and state-of-the-art equipment, we will deliver unique footage directly from Václav Havel Airport Prague. While our operators control the flight of the drone, you are in control of the camera.

Our Service Includes:

- Rental of our modern drone including the operator - the cameraman position is all yours.
- Access to pre-selected areas at Václav Havel Airport Prague.
- Preparation of selected footage and the transfer of RAW material to external SSD.
