Prague Airport Cargo News

I/2025

Dear fellow air cargo enthusiasts,

As we reflect on the year 2024, we are reminded of the resilience and adaptability that characterize our industry. The year was marked by significant milestones and remarkable achievements within the air cargo sector.

The continued growth in e-commerce and the increasing demand for expedited shipping services have driven the industry to new heights. Sustainability has taken centre stage, with many carriers investing in greener practices and eco-friendly initiatives to reduce our carbon footprint.

As we look ahead, we remain committed to fostering collaboration, innovation, and sustainability within the air cargo community. We are excited about the opportunities that the future holds and are confident that, together, we will continue to soar to new heights.

Thank you for your unwavering support and dedication. Here's to a prosperous and successful 2025!

Prague Airport's Cargo Soars by 51% in 2024; New Routes Ahead

At Prague Airport, we witnessed an impressive surge in cargo volumes – over 66,000 tonnes were flown to/from PRG in 2024, which marks 51% growth compared to 2023. This figure does not even include cargo on RFS. In 2025, we expect to grow even further with new long-haul destinations, such as Toronto (Air Canada), Seoul (Asiana Airlines), and Abu Dhabi (Etihad Airways).

Qatar Airways Named Fastest Growing Air Cargo Carrier at Prague Airport 2024

[More information](#)

We are thrilled to announce that Qatar Airways has been awarded the title of the Fastest Growing Air Cargo Carrier at Prague Airport for the year 2024. This accolade is granted to the airline demonstrating the highest year-on-year growth in air cargo volume, excluding Road Feeder Services (RFS).

Qatar Airways has shown remarkable commitment to excellence in air cargo services, making significant strides in enhancing its operational efficiency and expanding its network. Their dedication to delivering top-notch services has not only

contributed to their own success but has also played an important role in boosting the overall cargo development at Václav Havel Airport Prague.

Asiana Airlines from April 2025

Starting 1 April 2025, Asiana Airlines will launch a new direct service from Seoul to [Prague](#) with three weekly frequencies (Tue, Thu, Sun). This new service will enhance connectivity between the Czech Republic and South Korea. Asiana also offers connection to many interesting destinations in Asia Pacific, operated by both passenger and cargo aircraft.

When Buggati Meets Boeing

Have you ever wondered how long it would take from Prague to Doha by Buggati Chiron? With Qatar Airways Cargo Boeing 777 just a few hours. Both these beautiful pieces of machinery could be seen together at our airport on 15 December 2024. Boeing is a regular guest, operating twice per week. We see more and more luxurious vehicles, sports and muscle cars flying from Prague these days.

Growth of air cargo community

In 2024, we established Prague Airport Cargo Point, a community platform, along with 12 key stakeholders of air cargo industry, to drive innovation and growth of air cargo in the Central European region. This platform has already proven its worth in sharing opinions on topics and ideas related to our common business. In 2025, we would like to grow this community to include additional experts in the team.
