# Things with which AeroProduction can help you

## Locations - Commercial Filming at the Airport

Prague Airport offers several locations which you can use for photography or shooting films, TV series, and commercials.

**The locations within the airport area are divided into 3 zones, which have different security and operating regimes.**

- **Public part of the airport** – arrival and departure halls, check-in counters, outdoor areas in front of the terminals, parking places

- **Non-public part of the airport** – Terminal 1 area behind passport control, the connecting building between Terminals 1 and 2, customs, exits to the arrival hall
- **Non-public SRA zone of the airport** – airport runways + surrounding operating areas, gates, passenger boarding bridge

## AeroMovieRent - Airport Film Rental

Rent **unique airport props** and **technologies** which you won't find anywhere else but here and which you can use as props for film projects, whether in a film studio or anywhere on set.

## AeroDron - Tailor-made Airport Shots

We will provide drone shots within the airport area according to the production requirements. The drone is operated by our experienced employee based on the director's instructions. This way you will get unique, tailor-made shots from places which no one else but us can reach.
