Prague Airport — Fly via Prague

Keep this document with you for future reference. These exclusive free services are available to **Kiwi.com** passengers transferring at **Prague Airport**.

? How does it work?

The Security FastTrack route at Terminal 2 (landside) will give you time to relax, shop, or even catch your connection during a short layover.

- Check your boarding pass to see if you need to change terminals for your next flight.
- **If you only have hand baggage**, follow the turquoise Fly via Prague signs.

Stay airside in the non-public area and proceed directly to your gate.

If you have checked baggage, follow the orange Fly via Prague signs.

- Collect your checked baggage from the conveyor belt and proceed to the arrival hall.
- Follow the signs to the Terminal 2 departure hall.
- Use a self-service bag-drop point to check your baggage. They're located in front of the Security FastTrack gate.

If the self-service bag drop (SBD) does not cater to your airline, please drop off your baggage at the regular check-in counters. To check which airlines are active at the SBD, visit www.flyviaprague.com.

- Go to the Security FastTrack lane.
- Scan your boarding pass and then your QR code.

You can use either your mobile or printed version of the QR code.

TEST TEST

Follow the Fly via Prague signs and scan this QR code to to access the Security FastTrack route.
